Withdrawal of Accreditation and Intent to Appeal Notification and Disclosure

To the faculty, staff, current students and prospective clients of Florida Institute of Ultrasound, Inc.:

Florida Institute of Ultrasound, Inc. has suffered a number of financial setbacks over the past few years that were exacerbated by the pandemic. The Accrediting Bureau of Health Education Schools at its July 2022 Commission Meeting has affirmed its action to withdraw the institutions accreditation. The school has filed its intent to appeal the decision. In accordance with Chapter III, Section E, Subsection 3 of the Accreditation Manual, the institution retains its accreditation status during any pending appeal.

Florida Institute of Ultrasound, Inc. has the financial capability to carry out its mission and is able to meet all financial obligations to operate for existing and future students. We have put together a teach-out plan for our students. The School will continue to provide all students with the agreed upon instruction as outlined in the School's catalog as we have done since 1976. Faculty and staff will continue to train the students to the same standard as any other student who has previously graduated.

If you have any questions, you can contact us at (850) 478-7611 or thru email at administrative@fiupensacola.edu or gdavis@fiupensacola.edu.

Thank you,

Gregory M. Davis
President
